

School System: _____ **System Code:** _____

System Test Coordinator Name: _____ **Date:** _____

Overview: This Kindergarten Registration Form should be used to collect and submit counts for the Limited English Proficient students in Kindergarten who will require the Form A (Kindergarten) MontCAS ELP tests. Schools may only have estimated counts at this time, but the information will help direct Form A materials to the schools that will need them.

Directions: Please list below each school in your system with Kindergarten LEP students, and the number of Kindergarten LEP students in each school. Please use as many copies of this form as you need to record all of the schools in your system with Kindergarten LEP students. This information is needed by the testing vendor no later than August 20, 2010 in order for your system to receive the necessary materials for the Montana English Language Proficiency Assessment, which will be given to all Montana LEP students this year. Note that all Kindergarten LEP students will take the same form.

School Name	School Code	Number of Kindergarten LEP Students

Enter the total number of schools in your system that have Kindergarten LEP students:

**FAX all forms to Questar at 866-688-0419
 by August 20, 2010**
